D.C. 5.2 LOCAL FOCUS GROUPS EVENTS YEAR 3

D.C.5.2 Report – Local focus groups events year 2 – DEX Innovation Centre

Version 1

31.3.2021

1. Name of the event, implementing date and place

Name of event: Digital transformation of companies: Meet the partners for industry 4.0

Date of realization: 30. 3. 2022

Time: 13:00 – 17:00

Place: CIRC, ČVUT Prague

30.11.2021

2. Short info about event

The next FG was part of an event that took place physically and held at the CTU in Prague, where the CIRC research center and testbed for I4.0 is located. We combined the event with another themed event - Matchmaking event, mainly to take the opportunity to attract a larger number of participants to participate. However, this strategy proved to be the right one and during the first part of the event, which was dedicated to the Focus Group, we got enough feedback on our activities and discussed interesting possibilities regarding the sustainability of the project in the next years.
