

RAINMAN BOARD GAME

YOU NEED

-  Game board
-  Dice
-  2-4 pawns
-  Question cards
-  Instruction

GAME RULES

-  The person, who has thrown the most points on the dice, starts the game.
-  Players place pawns in the START field and throw their dice one by one and move forward as many fields as the dice indicated.
-  On the board there are special fields marked with a drawing and instruction, as well as fields with a question mark. When you get to the field with a question mark, the person on your right draws a card for you and reads a question for you. When you give a good answer, you move forward 1 space when the wrong one - you go back one space. Throwing 6 on the dice promotes an additional throw.
-  The game ends when one of the players reaches the FINISH field. To reach the FINISH field, throw the appropriate number on the dice. If you throw more, you have to wait for the next chance for the next round.
