

REPORT ON THE ESTABLISHMENT OF A MARKET PLAYER WORKING GROUP FOR EACH PILOT ACTION

D.T2.1.3 PILOT #2

Work paper

Version 2.0
09.2020

1) Introduction

The aim of the pilot action#2 is to support the Emilia-Romagna Intermodal Cluster (ERIC) transition from informal and collaborative network into a formal entity. Pilot action aims to define a multilevel set of rules which regulate the management of ERIC. Furthermore, the formal entity may ease the process of improving the:

- coordination, collaboration and communication activities between ERIC's members
- opportunities for ERIC towards the external market-economy

2) Stakeholder description

The stakeholders involved in the Market Player Working Group for Pilot Action #2 were defined during discussion between the Project Partners ITL, Regione Emilia-Romagna and the contractor for Pilot Action #2. According to the pilot's aim the group is composed by the members of ERIC cluster.

A map representation of the location of ERIC components is included below to illustrate their geographical coverage.

Name	Public/ private	Category (eg.: local/regional /national public administration , railway infrastructure manager, industry, logistics operators, railway undertakings, etc.)	Reason for involving this stakeholder with respect to the pilot action	Expected contribution	Relevance for the pilot action (low/mediu m/high)
CE.P.I.M. Centro Padano Interscambio Merci SpA	Private with stock owners partly public	Freight village	Member of ERIC cluster	Can report and discuss on issues and opportunities concerning ERIC governance structure	High
Dinazzano Po SpA	Private with stock owners partly public	Terminal operator and railway undertaking	Member of ERIC cluster	Can report and discuss on issues and opportunities concerning ERIC governance structure	High
Interporto Bologna SpA	Private with stock owners partly public	Freight village	Member of ERIC cluster	Can report and discuss on issues and opportunities concerning ERIC governance structure	High

Name	Public/ private	Category (eg.: local/regional /national public administration , railway infrastructure manager, industry, logistics operators, railway undertakings, etc.)	Reason for involving this stakeholder with respect to the pilot action	Expected contribution	Relevance for the pilot action (low/mediu m/high)
Lotras Srl	Private	Intermodal transport operator	Member of ERIC cluster	Can report and discuss on issues and opportunities concerning ERIC governance structure	High
Terminali Italia srl	Private with stock owners partly public	Terminal manager	Member of ERIC cluster	Can report and discuss on issues and opportunities concerning ERIC governance structure	High
Terminal Piacenza Intermodale Srl	Private	Terminal manager	Member of ERIC cluster	Can report and discuss on issues and opportunities concerning ERIC governance structure	High
Terminal Rubiera srl	Private	Terminal manager and short-range road haulier	Member of ERIC cluster	Can report and discuss on issues and opportunities concerning ERIC governance structure	High
AdSP Port of Ravenna	Public	Port Authority	Member of ERIC cluster	Can report and discuss on issues and opportunities concerning ERIC governance structure	High
Gruppo Sapir Spa	Private with stock owners partly public	Terminal Operator	Member of ERIC cluster	Can report and discuss on issues and opportunities concerning ERIC governance structure	High

3) Establishment of a Market Player Working Group

As noted above the Market Player Working Group was established following discussions between the Project Partners Fondazione ITL, Regione Emilia-Romagna and the contractor for Pilot Action #2. The first focus group of the Market Player Working Group will be held during the ERIC meeting on the 18th September 2020.
