YOUMOBIL course

April 29, 2021, on-line

**Students - individual work**

Dana Sitányiová - University of Zilina

# COURSE TIME LINE

## April 29, Day 3 - 14,00 -15,30

- Explanation of work flow and expected outputs - Dana Sitanyiova - UNIZA
- Explanation of work with Msteams application - Dana Sitanyiova - UNIZA
- Introduction to individual work with design software Zuzana Grunova - UNIZA

May 1 - 31, 2021 - individual work and consultations

June-July - Final event - presentation of students' work

# PILOT SITES

Hevlin (Czech Republic), Weißenfels (Germany), Mazovia (Poland), Brezno (Slovakia), Modena (Italy), Zagreb (Croatia)

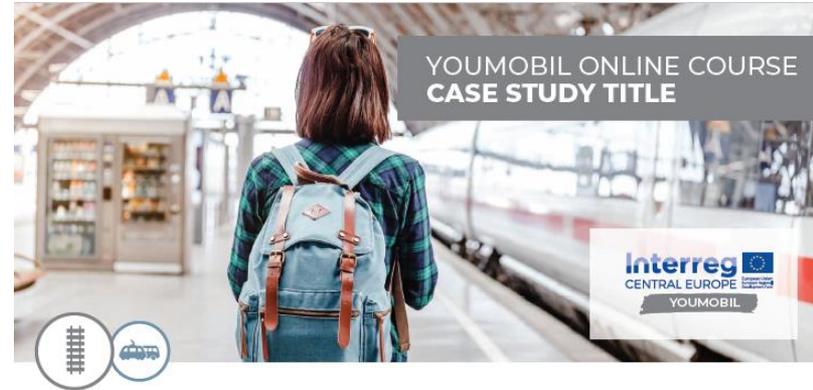

Aim: to propose new function for abandoned railway infrastructure and prepare design (interior, exterior, both) respecting new function and surrounding area.

# OUTPUTS - POSTERS, 3D MODELS...

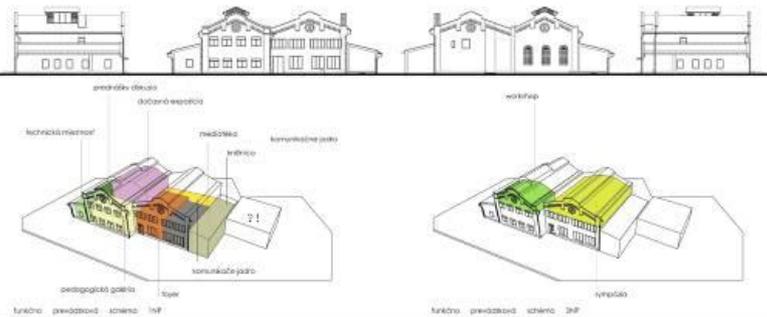

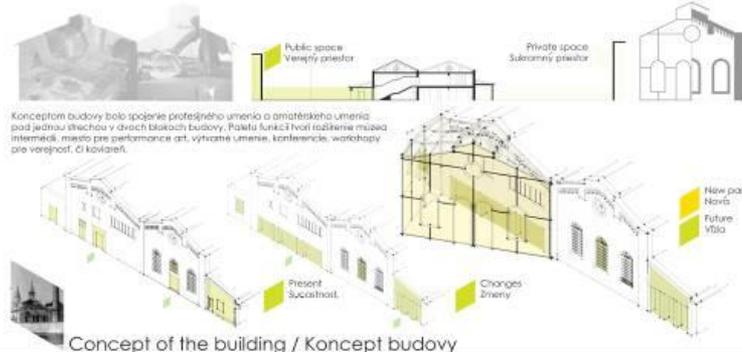

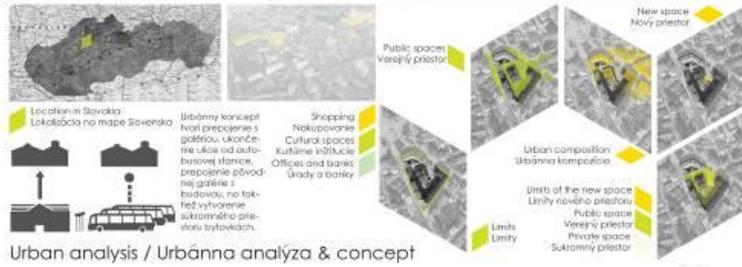

## Poster in A0 format

- Students will create a **digital poster in pdf** (template available in pdf and ppt)
- Purpose - for partners to present ideas how to reinvent their pilot sites at different events and for different audience.
- Printing on durable material (banner A0)
- Or for usage in digital form to promote YOUMOBIL project.
- Possible output also a **3D model, video, etc.** (built upon the offered Sketchup model or using the software of their choice)

# OUTPUTS - EXAMPLES

## Example - student workshop posters - renovation of historic power plant in Žilina
