| City of Olomouc | official – water manager |
| City of Mýto | official - Head of building department |
| Czech environmental inspection (ČIŽP) | official |
| National Institute of Public Health (SZÚ) | manager |
| Czech Biogas Association | members |
| Vodovody a kanalizace Hradec Králové a.s. | manager |
| Pražské vodovody a kanalizace , a.s. | manager |
| Pražská vodohospodářská společnost, a.s. | manager |
| Vodohospodářský podnik a.s., Plzeň | manager |
| Sweco Hydroprojekt, a.s. | manager |
| Šumavské vodovody a kanalizace, a.s. | general manager |
| Vodovody a kanalizace Pardubice, a.s. | manager |
| SMP, a.s. | manager |

Cities in the Czech Republic delegate administration and decision-making powers concerning the operation of water treatment and waste water treatment plants to operators of these facilities. Therefore, contact list contains mainly their representatives.

C) EVALUATION OF RESULTS

From **14** contacted Municipalities and Utility Companies we received **10** (71%) confirmations to attend training and workshop. Other **4** (29%) from contacted are still in the process.

D) NEXT STEPS

Questionnaire will be sent to persons that confirmed participation in training.

Workshop and training are planned for 4.12.2019, NTK, Praha 6
